

ULTRA LOW NOX GAS FURNACE

80% AFUE and <14 ng/J NOx

OXBOX™

A TRANE® BRAND

The Oxbox Ultra Low NOx (nitrogen oxides) furnace line produces 65% less NOx than standard furnaces. When the weather gets chilly, you'll get comfortable, consistent heating and you can also be confident these furnaces are built for durable performance over the long haul.

80% SINGLE STAGE UPFLOW HORIZONTAL

Model #	AFUE	BTU Input	Airflow Direction	Dimensions (in.) (H x W x L)
J801X055AU3LAB	80%	55,000	Upflow/Horizontal Right/Left	34.5 x 14.5 x 28
J801X070BU4LAB	80%	70,000	Upflow/Horizontal Right/Left	34.5 x 17.5 x 28
J801X100CU5LAB	80%	100,000	Upflow/Horizontal Right/Left	34.5 x 21 x 28

Our enhanced warranty gives you maximum peace of mind. Plus, every piece of equipment is warranted to the home, not the homeowner — providing an extra measure of coverage when it comes time to sell.

WARRANTIES AVAILABLE:

- ▶ 1 year unit replacement.*
- ▶ 10 year warranty on parts with product registration.
- ▶ 10 year compressor replacement.
- ▶ Warranty stays with the home.

Base warranty is still available without registration.

*If the compressor, coil or heat exchanger fails in the first year

- ▶ The ULN Furnace Series is approved and certified by the SCAQMD and the SJVAPC Districts in the state of California with NOx levels below 14 ng/J when operating on natural gas.
- ▶ All furnace models feature silicon nitride igniters and have been fired and tested on the manufacturing line.
- ▶ Galvanized steel cabinets to resist corrosion and aluminized steel heat exchangers to conduct heat quickly and increase the durability.
- ▶ Oxbox furnaces are built for flexibility to suit varied installations and comply with Energy Star cabinet air leakage requirement of less than or equal to 2%
